To: Consultation <consultation@lgbc-ni.org.uk>

Subject: In response to Consultation on Provisional Recommendations

Sirs,

I would like to submit the following response to your Provisional Recommendations for **North Down and Ards**.

I notice that your recommendations continue to use long-standing names and boundaries in Bangor, and that little to no change would be required to retain good electoral balance.

However, I would like to recommend the following suggestions for your consultation.

1. Move the boundary between **Harbour** and **Broadway** so it follows Hamilton Road. This would provide for a more natural boundary along a main road.
2. Move the boundary between **Harbour** and **Bryansburn** so it follows Princetown Road. This would provide for a more natural boundary along a main road.
3. Consequently rename **Harbour** as **Bangor Central**.
4. I wish you well in your considerations,

Regards
